

CARIBBEAN JOURNAL OF SCIENCE

Vol. 41

(ISSN 0008-6452)

No. 2, 2005

Articles:

- Harmonic and Simple Kriging Analyses of Diurnal Precipitation Patterns in Puerto Rico**S. Sen Roy and R. C. Balling, Jr. 181
- Patterns and Processes of Evolutionary Stasis and Change in *Eratoidea* (Gastropoda: Marginellidae) from the Dominican Republic Neogene**Ross H. Nehm 189
- Endophytic *Phomopsis* Strains from Leaves of *Guarea guidonia* (Meliaceae)** Miguel A. Gamboa-Gaitán, Sugei Laureano, and Paul Bayman 215
- Patterns of Genetic Diversity in the Critically Endangered Florida Key Endemic *Consolea corallicola* Small (Cactaceae): Evidence from Inter Simple Sequence Repeat (ISSRs) DNA Polymorphisms**Katheleen A. Cariaga, Carl E. Lewis, Joyce Maschinski, Samuel J. Wright, and Javier Francisco-Ortega 225
- Is Reproductive Success Related to Color Polymorphism in a Deception Pollinated Tropical Terrestrial Orchid?**James D. Ackerman and William Carronero 234
- Relationships between Non-structural Carbohydrate Concentration and Flowering in a Subtropical Herb, *Heliconia caribaea* (Heliconiaceae)** Donald A. Yee and David Tissue 243
- Effects of Model Choice and Forest Structure on Inventory-Based Estimations of Puerto Rican Forest Biomass**Thomas J. Brandeis and María del Rocío Suárez 250
- Crepidula badisparsa* sp. nov. (Gastropoda: Calyptraeidae) from Bocas del Toro Province, Panama**Rachel Collin 269
- Self Righting in the Free-Living Coral *Manicina areolata* (Cnidaria: Scleractinia): Morphological Constraints** Amy V. Uhrin, Christopher L. Slade, and Jeff G. Holmquist 277
- Shell Properties, Water Vapor Loss, and Hatching Success of Eggs from a Rain Forest Population of the Pearly-eyed Thrasher (*Margaropus fuscatus*)**Wayne J. Arendt 283
- Population Densities and Structural Habitats of *Anolis* Lizards on St. Eustatius, Netherlands Antilles** Pamela Medina Díaz, Heather Heinz, John S. Parmerlee, Jr., and Robert Powell 296
- A New Ground-dwelling Frog of the Genus *Eleutherodactylus* (Anura: Leptodactylidae) from Eastern Cuba and a Reconsideration of the *E. dimidiatus* Group** Luis M. Díaz, Antonio Cádiz, and Nils Navarro 307

Notes:

- Refutation of the Historical Evidence for a Hispaniolan Macaw (Aves: Psittacidae: *Ara*)**Storrs L. Olson 319
- Fossil Echinoids from Belize**Stephen K. Donovan, David N. Lewis, and Paul Davis 323
- Additions to the Scaphopod Fauna (Mollusca: Scaphopoda) of the Colombian Caribbean**Adriana Gracia C., Néstor E. Ardila, Paola Rachello, and Juan M. Díaz 328
- New Sea Turtle Nesting Records for the Netherlands Antilles Provide Impetus to Conservation Action** Adolphe O. Debrot, Nicole Esteban, Rozenn Le Saco, Andy Caballero, and Paul C. Hoetjes 334
